Professional Summary

Motivated and enthusiastic Computer Science undergraduate with strong fundamentals in Core CS subjects and practical experience in AI-based projects. Proficient in Python and SQL, with hands-on exposure to NLP and model deployment. Currently expanding skills in automation and software development. A creative thinker with graphic design experience and a strong passion for continuous learning and building impactful technology solutions.

Professional Experience

Research Intern – OCR System Development · IIT BHU Jun 2025 - Jul 2025

- Developed an OCR-based system to extract and highlight Sanskrit text using multiple APIs and preprocessing techniques.
- Improved text detection accuracy through hybrid model integration and optimization.
- Enhanced text recognition performance by refining image preprocessing and noise reduction techniques.

Technical Support Volunteer (Unpaid) ·
Varanasi Physiotherapists Association in collaboration with Satkar Institute of Health Sciences Remote · Apr 2025

- Provided remote technical coordination and operational support during the event.

Graphic Design Intern (Paid) · Explorers Pvt Ltd Remote · Mar 2024 - Jun 2024

- Designed digital creatives and marketing assets, increasing audience engagement by 80%.
- Applied data-driven content strategies to improve brand visibility.

Marketing Intern (Paid) · Pregrad Remote · Mar 2024 - Apr 2024

Assisted in digital marketing campaigns and audience outreach initiatives. Supported content strategy and performance tracking.

Projects

AI-Powered Expense Tracker ·
https://huggingface.co/spaces/smartyqueen7/expense_tracker_AI

Tech: Python, Streamlit, Hugging Face Transformers, PyTorch

- Developed an NLP-based expense **tracking and categorization system** using supervised learning, achieving **95% accuracy**.
- Performed data preprocessing (cleaning, tokenization) to improve model performance.
- Deployed the application using Streamlit for real-time expense tracking and insights.
- Reduced manual expense processing time by **10+ hours per week**.

E-commerce Sales Analysis Project ·
https://github.com/RUCHIKA1512/E-commerce-Sales-Analysis

Tech: Python (Pandas), Excel (Pivot Tables, Slicers, Charts), Jupyter Notebook

- Performed exploratory data analysis to identify **40% monthly sales trends** and **30% regional performance variations**.
- Built interactive dashboards and visual reports using Excel and Jupyter Notebook for data-driven insights.
- Applied the **Data Analysis Lifecycle** and SDLC (Waterfall model) for structured project execution.

Education

Bachelor of Technology (B.Tech) ·
Computer Science and Engineering ·
Dr. A.P.J. Abdul Kalam Technical University
7.52 CGPA · Jan 2022 - Present

Senior Secondary · Central Board of Secondary Education
63% · Apr 2021 - Apr 2022

Secondary · Central Board of Secondary Education
78.16% · Apr 2019 - Apr 2020

Skills

Programming & Web Technologies:
Python, JavaScript, HTML, CSS, SQL

Core Computer Science:
Object-Oriented Programming (OOPS), DBMS, Operating Systems

Frameworks and Tools:
Pandas, Scikit-learn, Hugging Face, Streamlit, Matplotlib, Bootstrap, VS Code

Methodologies & Practices:
Data Visualization, Excel, Power BI

Additional Skills:
Natural Language Processing (NLP), Git

Achievements

Contributor at GirlScript Summer of Code 2024

Selected as a contributor for meaningful open-source contributions and collaborative software development.

National Karate Player · Kyokushin karate

National Karate Player–Represented at the national level, showcasing discipline and competitive spirit

Certificates

Data Visualization · Data Visualization Using Python - Credly
Dec 2023

AWS Academy ·
AWS Academy Graduate - Cloud Foundations - Train... - Credly
Dec 2023

Space Research and Remote Sensing (Certificate ID: 2024233961669) ·
Indian Institute of Remote Sensing (IIRS), ISRO
2024

Position Of Responsibility

President · Student Council, Digital Club
Jan 2022 - Jan 2024

Led and coordinated technical and non-technical initiatives, managed team activities, and organized digital events to enhance student engagement and participation.
